Objective:

To secure a campus placement in the textile industry and apply my technical knowledge while learning and developing professional skills.

Education:

B-Tech Textile Technology 2023-2027 Kumaraguru College of Technology - CGPA 7.9%

Maths Biology (12th) 2022-2023 GHSS Kolakkudi - Percentage 76%

Soft Skills:

Communication
Teamwork
Problem solving
Time management
Attention to detail
Adaptability

Technical Skills:

MS Excel.
Defect analysis in yarn
and fabrics.
AUTOCAD
Textile testing

Project :
Non-Destructive fabric finger printing

- To develop an automated system that calculates key fabric parameters from an image.
- To use image processing techniques for yarn and pore detection.
- To estimate EPI, PPI, GSM, Crimp, and Openness accurately.
- To use Non destructive fabric analysis.
- To create a base model for future AI-based textile characterization.

Certification:

Internship / Research:

Bannari Amman Spinning Mill Limited-Weaving Division

Personal Interest

- Textile innovation
- Fabric design
- Sustainable textiles
- Technical workshops

Languages Known

- Tamil
- English
